TOURISM

About This Book

This guide consists of two sections. The first section contains features that give you an overview of each of the many recreational adventures available in Ontario. The table of contents on page 1 gives you a list of these adventures.

At the end of each adventure feature, you are referred to the second section of the guide. This section contains listings of specific packages that are available for each adventure, or a reference where you can find out more about them. Please note that if you don't see a package that's exactly what you are looking for, many operators will have more choices available that may be more suitable.

All information on facilities and packages was supplied to the Ministry of Economic Development, Trade and Tourism (Ontario Tourism) and was deemed correct at the time of publication. Please contact the operators directly to avoid disappointment and to receive the most up-to-date information on rates and facilities. The Ministry of Economic Development, Trade and Tourism (Ontario Tourism) accepts no responsibility for errors or omissions.

Adventure!

Ontario welcomes adventure lovers from everywhere. It's all right here. No matter who you are or what kind of adventure you want, Ontario can match you step for step. Thrill for thrill.

There's no place like Ontario for doing the things you like to do. Challenge the thundering whitewater rapids of our rivers - they'll take your breath away. Or share the unspoiled beauty of our wildlife and our land. You won't forget the experience.

Whatever you choose from this guide, we promise you more than memories - we promise you an adventure!

US visitors will find adventure and a travel bargain; your dollar is worth about \$1.35 here (exchange rates vary). A quick way to convert from Canadian to US dollars is to multiply the Canadian price by .75; for example, CDN\$25 equals US\$18.75 (approximately).

ONTARIO HAS SO MUCH TO SHOW YOU

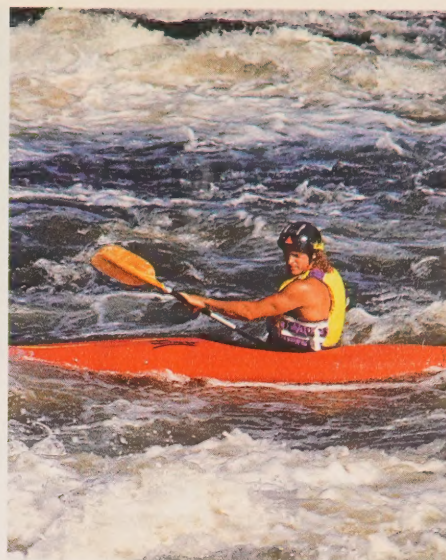

Discover our unforgettable canoeing, sailing, houseboating, hiking, cycling, wilderness railway, caving, birding, nature observation, horseback riding and scuba diving adventures.

And if you like your adventure quickened by adrenalin, test your nerve with some of these exciting outings: whitewater rafting, whitewater kayaking, rock climbing, ice climbing, parasailing, ballooning, soaring, sky diving and hang gliding.

If you plan on camping in Ontario, there are 261 provincial parks; some of the best canoeing, hiking, birding and wildlife watching can be found in these parks. Call 1-800-ONTARIO to get a free copy of the Ontario Provincial Parks Guide, with complete information about park services and reservations.

Ontario has many privately run campgrounds as well. For your directory of private campgrounds, call the Ontario Private Campground Association at (519) 371-3393.

Left, hiking in Frontenac Provincial Park.

Top and bottom, Ottawa River whitewater kayaking and rafting.

And for you special, hardy adventurers who love winter, Ontario will dazzle you with fabulous cold-weather adventures: snowmobiling, cross country and alpine skiing, dogsledding, and ice climbing. Quite simply the best place in the world to really *enjoy* winter.

For more information about adventure in Ontario, our currency, or anything else to help you enjoy a visit, call 1-800-ONTARIO (1-800-668-2746) or (416) 314-0944.

Finding your way in Ontario

Ontario's a big place - about 1.6 million square kilometres (412,000 square miles). That's about the size of New York State, Pennsylvania, Minnesota, Massachusetts, Connecticut, Ohio, Michigan, Wisconsin, Vermont, and Illinois combined!

Although it's a huge area, you'll find it's very easy to get around in, thanks to a network of excellent highways, train and bus routes, and air routes.

If you drive to Ontario, there are several points of entry from New York State, Michigan and Minnesota. Ontario Travel Information Centres near these entry points can give you helpful brochures and maps, and answer any questions you might have.

And if you have an AAA membership, you'll be glad to know you don't have to leave it at home when you come to Ontario. The Canadian Automobile Association (CAA) and its member club the Ontario Motor League (OML) are affiliated with the American Automobile Association, and members are entitled to reciprocal benefits.

PLANNING YOUR TRIP TO ONTARIO

To help travellers choose where to go and what to see and do in Ontario, we've divided the province into four travel areas. These are described in detail in a series of four travel guides (see opposite page).

We call these travel guides TRIP PLANNERS.

The Trip Planners give you detailed information about the hundreds of exciting attractions, various kinds of accommodations, and the campgrounds and facilities available throughout the province.

They are invaluable for deciding where to go and where to stay when you visit Ontario. The four Trip Planners are: South Central, East, Northeast and Northwest.

When you decide which part of the province you want to visit, be sure to call 1-800-ONTARIO and ask for the FREE Trip Planner for that area.

ONTARIO TRAVEL INFORMATION CENTRES

The following Province of Ontario Travel Information Centres are operated by the Ministry of Economic Development, Trade and Tourism. Our Travel Information Centres are open daily. Core hours are 8:30am to 4:30pm in winter; from mid-May to Labour Day, 8am to 8pm. Hours may vary; some exceptions are noted below. Call our toll-free number, 1-800-ONTARIO, to verify current hours.

International Bridge

Prescott

Prescott-Ogdensburg Bridge

Rainy River

Highway 11

Ballooning

If being earthbound is not for you, take to the skies! Experience the excitement of dangling in the basket of a hot air balloon, drifting over the treetops and fields with the wind.

*Y*ou've seen the big balloons, fantastic, colourful creations, hanging in the sky like giant Christmas tree ornaments. Did you know that many operators offer "champagne flights" with all the trimmings - linen, crystal, picnic basket? Imagine floating lazily over the city or countryside, sipping champagne and dining on gourmet food as the sun sets. Or take the sunrise flight and watch dawn break from 650 metres (2,000 feet) up.

Rides are available from several operators in the *Toronto* area; in various southwestern Ontario locations out of *Ayr*, and *Waterdown*; in *Barrie*, an hour north of Toronto; and in the *Ottawa* area.

For a list of ballooning adventures in Ontario please refer to page 40.

Top, ballooning near Ottawa.

Bottom, at Fenelon Falls.

Birding

Over 400 species of wild birds inhabit Ontario. From the ocean shores of Hudson Bay, where snow geese and red-throated loons nest, to the shores of Point Pelee in Lake Erie, few places offer birders more opportunities for observing the fascinating habits of birds than Ontario.

Point Pelee National Park in southwestern Ontario is Canada's southernmost mainland point, at the same latitude as northern California and Rome, and is one of the world's great natural bird sanctuaries. Spring migrations here begin early with the tundra swans, accompanied by thousands of ducks - redheads, canvasbacks, blue-winged teal and others. Later come the orioles, scarlet tanagers, Kentucky warblers, and many more, including some species at the northern edge of their range, such as Carolina wrens, blue-gray gnatcatchers and white-eyed vireos. *Point Pelee* is known as the warbler capital of North America. Nearby *Long Point Provincial Park* offers additional bird watching opportunities.

Rondeau Provincial Park occupies a spit in *Lake Erie* near Point Pelee and is an important breeding ground for more than 120 species, including prothonotary warblers, Acadian flycatchers, Forster's terns, Virginia rails and even bald eagles.

Birding in *Algonquin Park* is rewarding. The park list has over 250 sighted species, of which nearly 130 have bred here. Many species of waterfowl inhabit the park's lakes and marshes; beaver ponds and bogs hold swamp sparrows, eastern kingbirds, blue herons, hooded mergansers, yellow-throats, savannah sparrows and bobolinks. In the hardwood forests are red-eyed vireos, least fly-catchers, wood pewees, ovenbirds, ruffed grouse and barred owls; coniferous forests are home to boreal chickadees, black-backed three-toed woodpeckers, spruce grouse, kinglets,

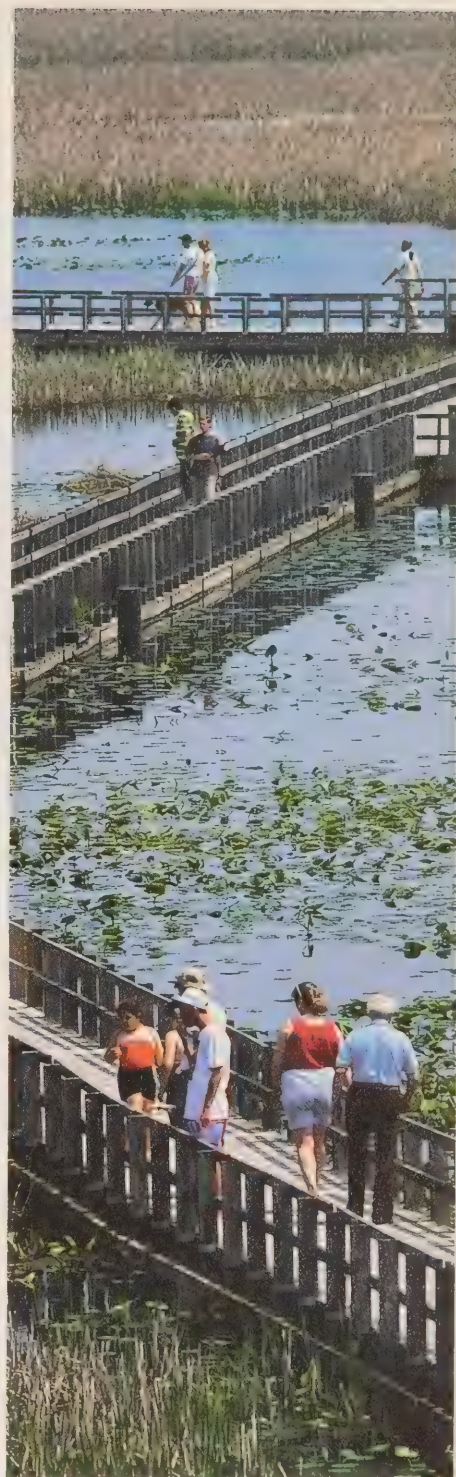

Birders at Point Pelee on Lake Erie.

Blackburnian warblers and many more.

For sheer spectacle in flight, a flock of white pelicans with their 3-metre (9-foot) wingspan soaring in perfect V formation is hard to beat. *Lake of the Woods* in northern Ontario is home to

breeding colonies of several thousand pairs, as well as the more common herons, bald eagles, and numerous waterfowl.

Many birds are at home in the city. *Toronto's* Leslie Street Spit, an artificial headland jutting

On the wetlands boardwalk at Point Pelee National Park.

into *Lake Ontario*, has sightings of over 260 species, and is permanent home to one of the world's largest colonies of ring-billed gulls. They offer much competition for the smaller population of Caspian terns. Peregrine falcons nest on skyscraper ledges in the city and are

sighted more frequently now as they hunt. In eastern Ontario, *Presqu'île Provincial Park* is an important spot for migrating waterfowl and other species.

For more information about birding in Ontario, please refer to page 40.

Canoeing/Kayaking

Ontario is world-renowned as a canoeing and kayaking paradise. Did you know that Ontario has a quarter of a million lakes (more than anywhere else in the world) and 100,000 kilometres (60,000 miles) of beckoning rivers? Many are preserved in their pristine state in provincial parks, and offer water adventures of every description.

Travel the legendary routes of the fur-trading voyageurs past soaring granite cliffs and 300 year old pines. Explore endless unspoiled waterways in a wild and ancient landscape. Great canoeing and kayaking are available throughout the province. Some of the most popular spots are:

Algonquin Park, only 2 1/2 hours north of *Toronto*, Ontario's first and largest provincial park. Hundreds of miles of interconnecting lakes and rivers for a real wilderness adventure.

Quetico Provincial Park, west of *Thunder Bay*, is known around the world among canoeing enthusiasts as a pristine wilderness of exceptional beauty. Here the canoe is supreme. The park has 1,500 km (930 miles) of canoe routes, virgin forests, waterfalls, cliffs and abundant wildlife, and no motorized vehicles of any kind.

Temagami, famous for its magnificent old-growth forest, near the city of *North Bay*, has over 2,560 km (1600 miles) of canoe routes.

Pukaskwa National Park on the northeast corner of *Lake Superior* is Ontario's largest national park. Its huge wilderness area and abundant wildlife can be enjoyed from its many miles of canoe routes.

Great Lakes Coastline is one of the fastest growing destinations for sea kayaking, with over 3,000 km (2,400 miles) of shoreline on four of the Great Lakes. Travellers can discover the *30,000 Islands*, the coves of *Manitoulin Island* and *Superior's* north shore.

Route of the Voyageurs, throughout northern Ontario takes you through some of the province's most spectacular scenery as you follow the same waterways used by the 17th century fur-traders.

Killarney Provincial Park, on the rugged shore of *Georgian Bay*, is famous for its spectacular quartz cliffs.

Discover Algonquin Park by canoe!

The best way to discover the beauty of Algonquin Park is by canoe. Algonquin Outfitters will help make your visit enjoyable and memorable.

- 35 years experience outfitting wilderness canoe trips.
 - Camping equipment sales and rental.
- Largest fleet of lightweight canoes in the area.
- Complete canoe trip outfitting packages
 - Guided trips available.
- Four locations for camping supplies and rentals: *Dwight, Huntsville, Brent and Opeongo.*
- Year round *Dwight* base is home to one of Ontario's largest outdoor equipment and clothing stores and the *Swift Canoe and Kayak Company.*
- Write or call for detailed information package.

Algonquin Outfitters
RR 1, *Dwight, ON, POA 1H0*
705-635-2243
e-mail: canoe@muskoka.com

Grand River: For a heritage canoeing experience, the *Grand River* takes you through picturesque farmland and towns in southern Ontario. Discover modern day native culture as you paddle through the *Six Nations* of the *Grand River Reserve*.

Travel in groups with guides, or strike out on your own. Stick to the calm waters of lakes and lagoons, or tackle the whitewater of melt-swollen rivers. The guided tour is recommended for canoeists unfamiliar with the wilderness, or unskilled in difficult waters.

Caving/Spelunking

Caves have a power to fascinate us. We enter these strange, other-worldly chambers, with their eerie formations and beautiful colours, with a sense of awe and near reverence. In Ontario there are over 225 known caves and crevices to challenge and fascinate both the amateur and the pro.

Caves come in many shapes and sizes, from large, colourful, brightly lit scenic caverns with their stalagmites and stalactites, to the narrow, dark passages of a crevice cave. They're always interesting, both for an educational and enjoyable family outing, or for the more serious adventurer who doesn't mind a tight squeeze.

Some of Ontario's caves, such as the scenic caves at *Collingwood*, are an ancient Huron place of worship. They are part of the *Niagara Escarpment*, the 750 km (450-mile) chain of cliffs and rock that crosses southern Ontario from *Niagara* to *Georgian Bay*. Plunging hundreds of feet into the depths of the rock, the caves include rare and exotic plants and many fascinating rock formations, plus spectacular views from the top of the escarpment. Two other sites on the escarpment are *Bruce's Caves Conservation Area* and *Rattlesnake Point Conservation Area*.

Another popular site, on the *Bruce Peninsula*, is the *Greig Scenic Caves* which were used for the pre-historic fantasy movie *Quest For Fire*. Some of the caves are as big as a two-story house.

In eastern Ontario are sites such as the *Warsaw Caves Conservation Area*, northeast of *Peterborough*, and the *Bonnechere Caves* near *Eganville*, said to have been the bottom of a tropical sea, 500 million years ago. Tours through the caves' lighted galleries describe the rock formations and fossilized creatures from prehistoric times.

Top, exploring in the Elora Gorge. Right, a cave at Tobermory at the tip of the Niagara Escarpment.

The *Rockwood Conservation Area* about an hour west of *Toronto* is a great place for a family outing: a scenic river, rolling woodlands, picnic areas - and caves!

For more information about cave sites in Ontario please refer to page 45.

Cruising/Sailing

There's something magical about being on the water. Let the cool breezes and sunshine-dappled water of a tranquil lake or majestic river in Ontario lift your spirits.

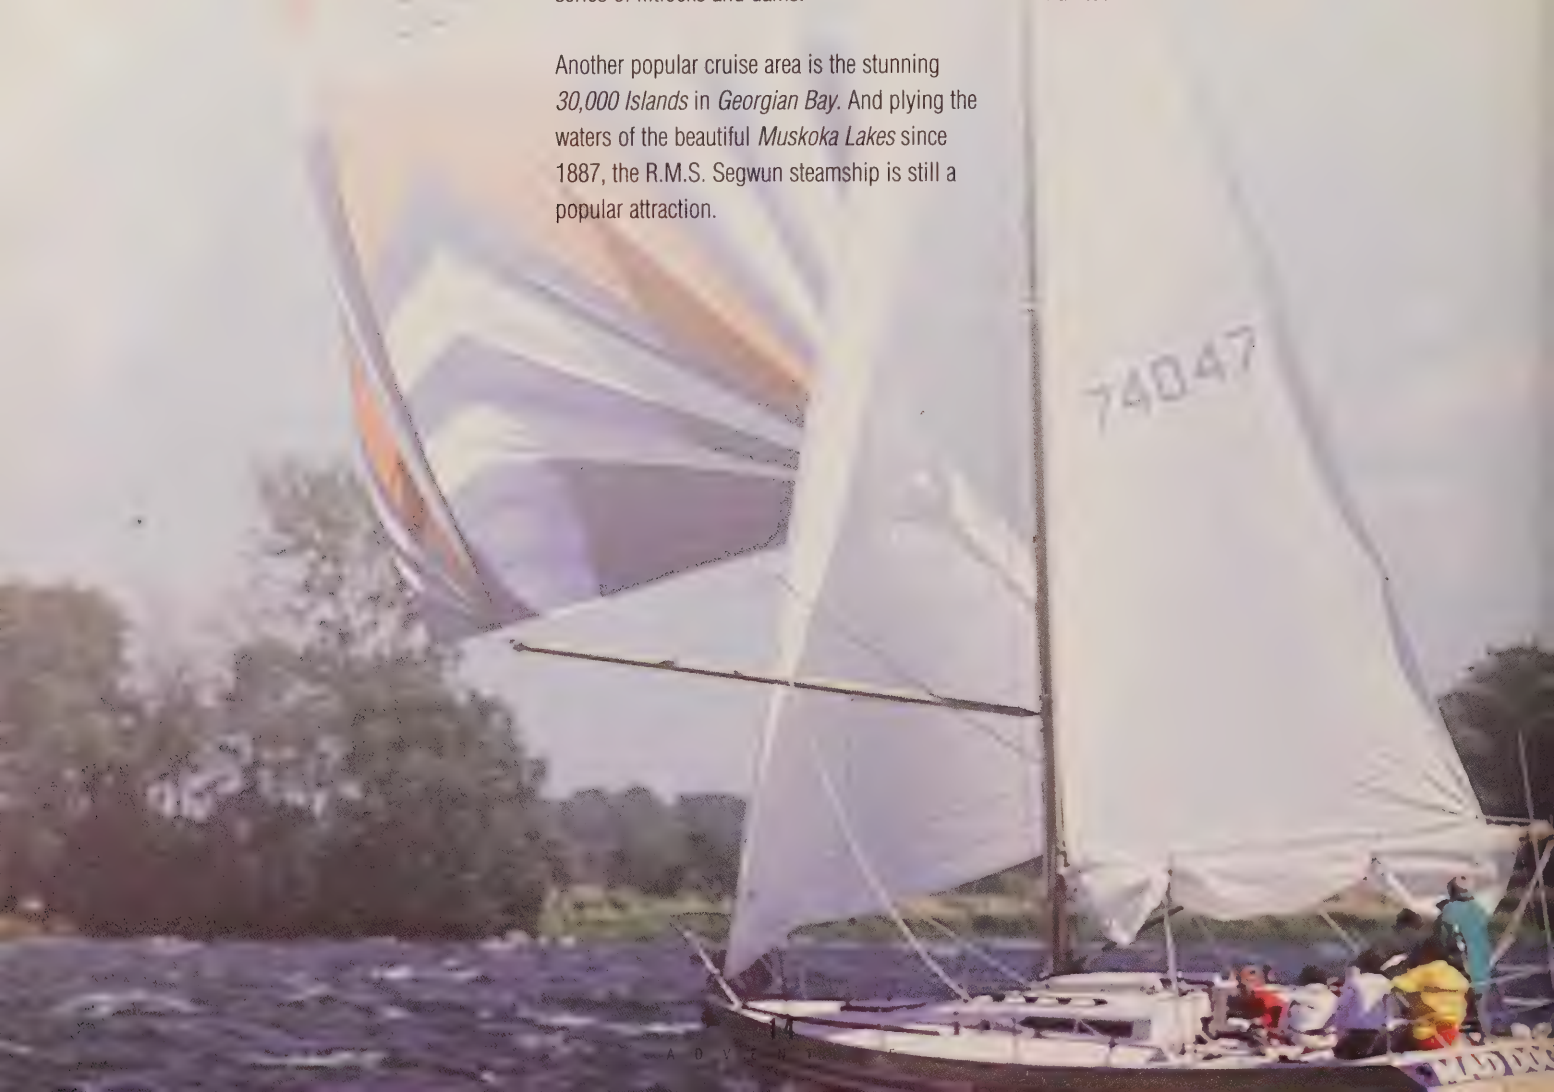

A perfect vantage point to see some of Ontario's most beautiful sights is the deck of a cruise boat. One of the loveliest areas of the province is the charming *Thousand Islands* of the *St Lawrence*, and it's also one of the most popular regions for cruising. Overnight trips aboard the *Canadian Empress* can be booked out of *Kingston*. Operators in *Ganonoque*, *Kingston*, *Ivy Lea*, *Rockport* and *Brockville* offer numerous day trip cruises among the islands.

Our two most historic waterways, the *Trent-Severn Waterway* and the *Rideau Canal*, can also be enjoyed by overnight cruise aboard the *Kawartha Voyageur*. The Trent-Severn links the eastern end of *Lake Ontario* to *Georgian Bay*, 386 km (240 miles) northwest. The Rideau Canal connects *Kingston* and *Ottawa*, Canada's capital, a distance of 202 km (126 miles). Both of these tours take you through scenic lakes and rivers, picturesque farmland, and many quaint towns and villages. They also give you the opportunity to experience sailing "up and over" the land through series of liftlocks and dams.

Another popular cruise area is the stunning *30,000 Islands* in *Georgian Bay*. And plying the waters of the beautiful *Muskoka Lakes* since 1887, the R.M.S. *Segwun* steamship is still a popular attraction.

If you like the water but prefer to do the sailing yourself, Ontario offers every type of sailing venue you can imagine. Experienced sailors can pilot larger boats almost half way across North America through the *Great Lakes* and connecting waterways.

Head north of *Lake Superior* to the crystal clear waters of *Lake of the Woods*, home of the largest inland regatta in North America (LOWISA). Or sail the dramatic shoreline of *Georgian Bay* with its many islands and rocky cliffs, then on to *Manitoulin Island* and the *North Channel*.

An afternoon cruise in Georgian Bay.

You'll find exceptional sailing facilities for sailors of all experience levels across Ontario. Bring your own vessel, rent the boat of your choice, or charter a skipper and crew to enjoy the best fresh-water sailing of your life. Participate in a full calendar of regattas and races, or sit back and let the winds take you to wherever you please.

For information about cruises and sailing in Ontario, please refer to page 48.

Come with us! Book passage aboard our elegant 32 stateroom replica steamboat CANADIAN EMPRESS. Spend 4, 5, or 6 nights cruising calm inland waters of the historic St. Lawrence & Ottawa rivers. Experience the splendour of the 1000 Islands...pass through the remarkable International Seaway locks... visit castles, museums, resorts, historic villages & world-class capital cities.

Cycling

Cycling means the freedom to marvel at Ontario's majestic countryside at your own pace and to enjoy the rewards of healthy exercise while taking in the beauty around you. It's an activity that can be shared with the entire family, or enjoyed in the solitude of your own thoughts and dreams.

Whether you're coasting along a rural sideroad, or pedaling hard in off-road adventure, you'll find countless opportunities to do your kind of cycling here in beautiful, uncrowded Ontario.

In southern Ontario it's easy to find scenic routes along quiet country roads and tourist areas. Ride through the vineyards and fruitbelt of the *Niagara* region; visit a winery as you go. The pretty town of *Niagara-on-the-Lake*, home of the *Shaw Festival*, is a perfect place to stop for a meal and a look at its charming shops and homes. Cycling the *Niagara Parks* trail takes you along the incredible *Niagara Gorge* - especially beautiful at blossom time in April and May. Take the trail into *Niagara Falls* and admire again, or for the first time, the majesty of the falls.

In addition to the charm of the Niagara region, there are many other picturesque towns and villages. The lovely town of *Stratford* is also home to one of the world's great theatre events, the *Stratford Festival*. Just east of Stratford is *Shakespeare*, a good choice to stop for afternoon tea and browse the many antique shops. Not far from Stratford are *Elmira* and *St. Jacobs* where you'll feel you've stepped back a century as Mennonites in horse-drawn carriages share the roads with you. Or take the ferry to *Pelee Island* and visit a winery.

The *Toronto* area is an urban cyclist's delight. Cyclists can follow a waterfront trail that crosses the city and countless trails through the city's many interconnecting ravines and parks. A special place for cycling is the *Toronto Islands*, a short ferry ride from downtown but a world away in atmosphere.

Cyclists in Algonquin Park.

Heading north brings you to the popular resort districts - the *Haliburton Highlands*, *Muskoka* and the *Georgian Bay* area, where climbs become a little more challenging as farms give way to rocky outcropping and rugged beauty. The *Georgian Trail* takes you along the shores of *Georgian Bay* with breathtaking views of the water. Why not take your bicycle to see beautiful *Manitoulin Island*. Get to the island aboard the *MS Chi-Cheemaun* ferry from *Tobermory*.

For rugged off-road cycling, *Algonquin Park* offers a variety of mountain bike trails. For the "serious" adventurer, northern Ontario's wilderness can be reached by hundreds of access roads.

R.R. No. 7, Chatham, ON N7M 5J7

Cyclists in eastern Ontario can follow the shore of *Lake Ontario* through pretty Victorian towns, explore charming *Prince Edward County*, tour the scenic *Thousand Islands* region, or explore the mighty *St. Lawrence River* and the fascinating *Upper Canada Village*. The city of *Ottawa* has many bicycle routes including the scenic route along the historic *Rideau Canal*.

For a list of cycling tours in Ontario please refer to page 45.

Golf

There are over 600 publicly accessible golf courses across Ontario, many of them in the most scenic areas of the province. Many Ontario resorts are located on or near golf courses and offer special packages.

Toronto is the third largest golf mecca in the world! If you love golf, you'll love golfing in Ontario.

Within a short driving distance of *Toronto* are some of the world's most beautiful and most challenging courses. *Glen Abbey*, home of the PGA Tours' Canadian Open, was designed by golf great Jack Nicklaus. See how you compare to the pros on this 7,102 yard, par 73 course. Canada's highest rated course is *St Andrews Valley*, just 30 minutes north of Toronto. *Lionhead*, is known for its beauty and customer service. And the *Royal Woodbine* is just 5 minutes from Toronto's Pearson International Airport.

Resort country is especially good for golfers. Many of Ontario's resorts have their own golf facilities or are near excellent courses and offer special packages. *The Briars* on scenic *Lake Simcoe*, an hour north of Toronto, has a classic course with woodlands layout through majestic stands of century-old pines and maples. *Hockley Valley*, 45 minutes north of Toronto, is a superb Scottish links-style course with beautiful vistas. Other courses are located in the beautiful *Haliburton Highlands*, the *Muskoka Lakes* and scenic *Georgian Bay*.

Southwestern Ontario has lots of great golf: *Peninsula Lakes* is here, a beautiful and challenging course featuring five lakes; the *Links of Rockway Glen* and *Beechwood*. The *Niagara* region is wine country, site of the ever-popular *Niagara Falls* and home of the world-famous Shaw Festival in lovely *Niagara-on-the-Lake*. Here you can play on the oldest golf course in North America, established in 1875.

In eastern Ontario a few of the many towns with golf courses are *Ballantrae*, *Belleville*, *Kingston*, *Brockville*, *Cornwall*, *Ganonoque*, *Ottawa*, Canada's capital city, and *Renfrew*. And for a northern golf experience, there's

One of Ontario's 600 publicly accessible golf courses. Opposite, the course at Pinestone Inn, Haliburton.

French River, *Sturgeon Falls*, *Parry Sound*, *Sudbury*, *Sault Ste. Marie*, *Timmins*, *Thunder Bay*, *Balmertown*, *Kenora*, *Sioux Lookout* and *North Bay*.

For information about golf in Ontario, please call 1-800-ONTARIO (1-800-668-2746) and ask for the *Golf Ontario Style* directory.

Hiking/Nature Observation

Two exciting activities that naturally go together. In spring, summer or fall, there is no better way to experience Ontario's lush forests, rugged shores, sweeping uplands and wide valleys than on foot.

Simple, exhilarating and healthful - for people of all ages.

Bring along your binoculars and your field guides. Ontario's diversity of habitats, ranging from Carolinian forest to muskeg and tundra, and its abundant wildlife, make it a naturalist's dream. Rare ferns, mushrooms and orchids; skinks, turtles and rattlesnakes; opossum, moose, wolves, beaver, deer and polar bears! See thousands of monarch butterflies at *Point Pelee* preparing for their fall migration to Mexico! They're all here.

All you need is a comfortable pair of boots and a bit of energy to enjoy Ontario's hundreds of marked trails. Oldest and longest of these is the

Bruce Trail, running 725 km (438 miles) along the *Niagara Escarpment*, designated a World Biosphere Reserve by the United Nations. Linking more than 100 parks from *Niagara* to *Tobermory* in *Georgian Bay*, the trail affords some of the most spectacular hiking in Ontario.

Another popular route is the *Rideau Trail* in eastern Ontario which runs along an historic route between *Ottawa* and *Kingston*, a distance of over 415 km (250 miles).

Many of our provincial parks provide exceptional hiking and nature experiences. *Algonquin Park* is

the largest and offers overnight and daytrip wilderness hiking. One of the most unique and extraordinary nature experiences of all is the Algonquin wolf howl, guided nighttime excursions in the bush to hear the wolves. Rugged *Killarney Provincial Park* on *Georgian Bay* has long distance trails, ridge walking, and great views. *Lake Superior Provincial Park* lets hikers explore the coastline of Lake Superior and has naturalists available for guided nature tours and talks. And *Sleeping Giant Provincial Park* at *Thunder Bay* has 80 km (50 miles) of trails that take hikers to the 244 metre (800 ft) cliffs of the *Sleeping Giant*.

Luxury Wilderness Hiking

Enjoy the wild interior trails of Algonquin Park on this six day trip, and return to the comforts of a quaint country inn each night! We also have Wilderness Canoe Camping trips available

Your trip "back to nature" might take you to the geologically fascinating *Flowerpot Island* of the *Bruce Peninsula*, home of many rare plant species. Take a spring nature break in *Muskoka* and greet the emerging wildflowers and returning warblers. Or perhaps a stay at an old growth forest camp in the *Algoma Highlands*. The *Chapleau Game Preserve* in northern Ontario is the largest wildlife sanctuary in the western hemisphere, home to moose, bear and many more species.

A unique adventure such as a trip to *Hudson Bay* and *Polar Bear Provincial Park*, could be arranged. The park can only be reached, and indeed traversed, by air. Part of the Great Muskeg, the largest continuous peatland in the world, the park is home to vast numbers of migratory waterfowl, summering polar bears, and a rich variety of plant life.

For a list of hiking and nature adventures available in Ontario, please refer to page 46.

Horseback Riding

Horseback riding offers a fun and different way to explore Ontario's magnificent countryside. Enjoy the great outdoors, breathe fresh country air and delight in extraordinary scenery. Relax in the saddle, slow down the pace a bit and learn a little more about the areas you're visiting.

Ontario features hundreds of groomed riding trails, as well as large expanses of beautiful, unspoiled wilderness. Whether you're a beginner or an experienced rider, resorts and stables across the province offer a wide range of riding adventures. Enjoy a leisurely one-hour ride led by a seasoned guide, join friends on a day-long journey, or blaze a new trail as you explore remote territory and camp under the stars.

Virtually every type of horseback riding experience is available in Ontario. Close to *Toronto* in southwestern Ontario there are woodland trail packages out of *Milton*, *Oakville*, *Richmond Hill* and *Claremont*. Lodge-based trail rides with 2-and 3-day campouts in the *Haliburton Highlands* are a great way to enjoy this scenic part of the province. And trail rides through the *Muskoka* woods and *Beaver Valley* are among the activities offered in resort country. Wilderness rides are popular on Georgian Bay's scenic *Manitoulin Island*, the largest fresh water island in the world. Overnight trail packages are available on the *Bruce Peninsula* at *Tobermory*. Further north, above *Georgian Bay* and *Lake Superior*, the rugged, unspoiled beauty and the wildlife seem even more breathtaking when seen from the saddle. And if you're in eastern Ontario, explore the beautiful *Ottawa Valley* on horseback, with stops at century farms.

Riding in Ontario gives you many choices including: trail rides by the hour, half-day or full-day; overnight riding packages; and 2-3 day riding/camping excursions. Some operators even offer romantic moonlight rides, cross-country jumping courses, and pony rides for the children. Introductory lessons and instruction for all experience levels are also available at many locations.

For a list of riding packages and opportunities in Ontario, please refer to page 47.

Riding at Blue Mountain, Collingwood, and above, near Sudbury in Ontario's northeast.

Houseboating

A leisurely houseboating holiday is the perfect way to relax, enjoy the lazy ambiance of life on the water, and do some exploring at the same time. With more than 400,000 lakes, rivers and waterways, as well as countless harbours and marinas, Ontario is unsurpassed for holidays on the water.

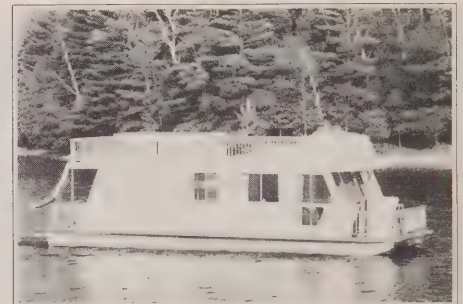

Two of Ontario's most historic and scenic waterways are ideal for a houseboating holiday. The *Trent-Severn Waterway* is a 386 km (240-mile) string of lakes and rivers used by aboriginal people, early explorers and fur-traders to travel between *Lake Ontario* and *Georgian Bay*. The present system of 44 locks was begun over 160 years ago and includes the largest hydraulic lift lock in the world at *Peterborough*.

From the comfort of your houseboat, you'll enjoy watching the scenery glide past, you'll drop anchor for an afternoon swim or some fishing, and you'll visit the pleasant towns along the way. Cook your own meals on board, or dine in the excellent establishments on your route. Take a trip around *Lake of the Woods*, the second largest inland lake in Ontario, and discover rock paintings and native culture.

The *Rideau Canal*, built shortly after the War of 1812 for military purposes, stretches 202 km (126 miles) and links two of Ontario's most historic, picturesque cities: *Kingston* and *Ottawa*, Canada's capital. Through a system of 47 locks and 24 dams, the canal lifts you an impressive 84 metres (275 feet) over the Canadian Shield. Tranquil farmland and quaint towns and villages line the route.

Houseboats are easy to operate, come equipped with all the creature comforts, and have plenty of deck space to enjoy the sun. Your rental package includes a course in river navigation, a comprehensive guidebook, and safety tips.

For a list of houseboat rentals and packages available, please refer to page 48.

At Rideau Lakes Vacations our easy to handle luxury houseboats come with a fully equipped galley kitchen and a modern four piece bathroom.

All of our boats are 40 feet long with enough room for 10 people to sleep at night and with 500 square feet of deck to relax on during the day.

Our fleet is also equipped with the following: Flying bridge, AM/FM tape deck, propane Bar B-Q, and standard safety marine equipment.

This is the kind of vacation you have been looking for, give us a call.

Rock Climbing/Ice Climbing

It's all about testing your mental and physical limits - pushing yourself a little harder to surmount each barrier, find better routes and reach new levels of accomplishment. Climbers are driven by motivation and opportunity to improve their skills and achieve highly personal goals.

Boulder, rock and ice climbers of all skill levels have a myriad of choices in Ontario. In the southwest you can test your techniques on more than 300 limestone climbs along the *Niagara Escarpment*, between *Rattlesnake Point* near *Toronto* and *Owen Sound*, 240 km (150 miles) to the north.

In the north, too, there's excellent climbing near *Thunder Bay*, at one of the province's most impressive crags, the *Sleeping Giant*. The area north of *Lake Superior* attracts climbers to sites near *Quetico Provincial Park* and *Kenora*. In the *Sudbury* area, more than 20 outcrops have been developed with additional climbing areas being added every year.

Visitors to eastern Ontario can climb at magnificent *Bon Echo Rock* and other crags around *Mazinaw Lake* and *Kingston*. Further east are many sites along the *Ottawa River* near *Pembroke*.

For climbers who don't let winter stop them, ice climbing can be done near *Thunder Bay* and also *Collingwood*.

For a list of rock climbing packages in Ontario, please refer to page 50.

Climbing at Rattlesnake Point, on the Niagara Escarpment. Opposite, at Orient Bay on Lake Superior.

Scuba Diving

Beneath the surface of Ontario's countless lakes and rivers, there's a whole world to investigate. Quiet, serene and beautiful - it beckons the explorer in you, tempting you with its many mysteries.

Ontario's Great Lakes are a challenge to scuba divers of all levels of skill. Over 4,000 shipwrecks are known to lie in their waters, ships such as the *Griffon*, built in 1679 and mysteriously lost on *Lake Huron* with her cargo of furs. More than 300 documented wrecks fascinate and delight divers from across North America who return to Ontario year after year to see what new treasures they can uncover.

Explore more than 200 wrecks at the western end of *Lake Erie* at *Pigeon Bay*, near *Point Pelee*. Diving in *Lake Ontario* centres around the picturesque city of *Kingston*, the western entrance to the *Thousand Islands*. Here you'll find the well

preserved wreck of the paddle steamer *Comet*, sunk in 1861, and the three-masted schooner *George A. Marsh*, undisturbed in 70 feet of water since 1917. *Lakes Superior* and *Huron* also feature favoured locations that attract and reward divers of all skill levels.

Fathom Five National Marine Park, located just north of *Tobermory* at the tip of the beautiful *Bruce Peninsula* in *Georgian Bay*, is the centre of scuba diving activity in Ontario. Canada's only underwater national park, *Fathom Five*, encompassing 19 islands, is a diver's delight with its clear water, unique geological formations, its labyrinth of "sea" caves, and 21 shipwrecks to

explore. Beginners and advanced divers alike will find *Fathom Five* a fascinating marine adventure.

Most popular dive sites in Ontario are located near a variety of accommodation, as well as a diverse source of other water-based and land activities. So when you're not underwater, there's always a long list of interesting, fun things to do!

For information about scuba diving, please refer to page 50.

Whitewater Rafting/Jetboating

For fast-paced exhilaration, few Ontario activities can surpass the excitement of whitewater rafting. Imagine taking a roller coaster ride without the tracks, being swept through powerful, swirling currents - twisting, rolling and turning from side to side. It's wet, wild and wonderful.

Many canoe and kayak trips across Ontario include some whitewater rapids. However, the best whitewater rafting can be found along scenic stretches of the *Madawaska* and *Ottawa Rivers* in eastern Ontario. Here you're close to *Ottawa*, the charming capital of Canada, and the stunning wilderness beauty of *Algonquin Park*. Rafts skim across the high-volume rapids, carrying as many as 12 thrill-seekers along the swollen rivers, through unspoiled forest and majestic valleys.

Whitewater operators provide experienced raft pilots, pre-trip instruction and complete safety equipment. Age restrictions may apply (usually 14 and over), for class III and IV runs but operators cater to the whole family with day camps and other supervised activities for children.

For a really unforgettable whitewater experience, where better to go than the largest, wildest whitewater on earth - *Niagara*! Not a raft but a jetboat takes you up the river through the exhilarating turbulent *Niagara Gorge*, right to the famous *Whirlpool Rapids*. Professional jetboat captains present whitewater at its most thrilling!

Whitewater thrills on the Niagara River, and opposite, on the Ottawa River.

Most packages combine rafting with other water sports and a diverse range of land activities for an action-packed outdoor adventure.

Accommodations include many choices - from campgrounds where tents can be rented, to RV hook-ups, housekeeping cabins, lodges and hotel rooms. Reservations are recommended, especially during peak summer weekends.

From April to September, whitewater rafting in Ontario can be a one-day highlight of your trip, a two-day mini break from your travel schedule, or the major focus of your entire holiday.

For a list of whitewater adventures available in Ontario, please refer to page 51.

Wilderness Tours

GRAB HOLD FOR THE EXPERIENCE OF A LIFETIME!

One and two day rafting excursions on the famous Ottawa River based from our 650 acre Outdoor Resort. Programs for ages 8 to 80! No experience necessary. Reservations required. Call for your free colour brochure to find out why more rafters choose Wilderness Tours.

Wilderness by Rail

Railway buffs and nature lovers have something to cheer in Ontario's wilderness trains. One takes you through the breathtaking scenery of Algoma country, the other to the edge of the Arctic!

The *Agawa Canyon* is one of Ontario's most ruggedly beautiful natural attractions. Cut into the rock by the surging *Agawa River*, the canyon stretches for hundreds of miles to the northeast of *Sault Ste. Marie*. Day trippers board the train at "The Sault" (pronounced "Soo") and set out for an unforgettable ride through some of Ontario's most awesome scenery. Spectacular waterfalls and 500-metre (1,600-foot) walls of pine-topped rock glide by as you relax in the dining car. Stops along the way let you off for hiking or picnicking.

The *Agawa Canyon* Train Tour is a four-seasons adventure. The canyon is especially beautiful in its fall colours, while in winter it's a true wonderland. The train, now appropriately dubbed the "*Snow Train*," gives you a ride best described as "overwhelming." The majestic landscape is transformed by a blanket of up to eight feet of snow! An experience not to be missed.

And for another railway experience that's guaranteed unique, take the legendary *Polar Bear Express* to the edge of the Arctic. The train departs *Cochrane*, Ontario, and travels 310 km (186 miles) through forest, muskeg and scrub brush to *Moosonee*, and nearby *Moose Factory*, Ontario's oldest permanent English settlement, just a few miles from *James Bay*.

An overnight stay - or a few days - is recommended to really live the frontier experience. There's a lot to see, including native art and artifacts, the historic museum and buildings at *Moose Factory*, and the wilderness itself. The trip to *Moose Factory* by authentic native freighter canoe is just one of the unique aspects of the experience. On the trip back you can dine in the dining car or have a real northern party in the sing-along piano car.

For more information about wilderness railway excursions in Ontario, please refer to page 51.

The Algoma Central Railway's Agawa Canyon train.

Windsurfing

You and your sailboard—working together in perfect harmony—harnessing the wind's power to glide across a peaceful lake or race along a choppy shoreline. Windsurfing is one of Ontario's fastest growing sports, challenging your strength, balance and instincts, and providing hours of exhilarating fun!

Ontario is truly a windsurfer's paradise, with locales and conditions to match any level of skill. We offer long stretches of open water where winds gather and carry into bays and inlets, where islands and headlands funnel and build onshore breezes to really make you move!

If you're a novice, develop your skill and confidence along any of our hundreds of safe, clean beaches dotting inland lakes and rivers. More experienced windsurfers will find the ocean-like conditions of our big lakes both challenging and exciting.

Some of our more popular windsurfing spots include *Lake Simcoe* (45 minutes north of Toronto), *Wasaga Beach* on *Georgian Bay* (the world's longest freshwater beach), *Port Elgin* and *Grand Bend* on the shores of *Lake Huron*, *Turkey Point Provincial Park* on *Lake Erie*, and areas around *Kingston*. *Sarnia*, in southwestern Ontario, lays claim to the third best wind conditions in the world!

Most of Ontario's finest windsurfing is located in the popular resort areas around the province. Many of the resorts include windsurfing among their available activities. This means there's a wide selection of accommodation available - and lots of other activities and places of interest to keep you entertained and amused on calm days.

For more information about windsurfing in Ontario please refer to page 51.

Winter Adventures in Ontario

Winter brings its own special beauty and adventure, and here in Ontario we have plenty of facilities to enjoy them.

SNOWMOBILING

Ontario has more miles of snowmobile trails than anywhere else in the world - over 33,000 km (20,000 miles)! More than 300 snowmobile clubs maintain this vast network of trails for the enjoyment of all who wish to use them. Many clubs and resorts offer packages that include guided snowmobile "safaris," some for a week or more, over hundreds of miles of wilderness trails!

ALPINE SKIING

For skiing enthusiasts, winter means time to indulge their passion. Ski resorts in Ontario offer extensive facilities, numerous lifts, slopes of varying levels of difficulty, snow making equipment, and ski patrol during hours of operation.

CROSS COUNTRY SKIING

Great exercise and a great way to get out and enjoy the beauty of the wintry countryside, cross country skiing is more popular than ever. In all parts of Ontario you'll find trails - thousands of miles of marked and groomed trails - for the Sunday afternoon recreational skier, and for the more "serious" aficionados looking for a challenge. For a unique overnight adventure, there are lodge-to-lodge cross-country ski packages. All commercial ski areas are patrolled.

DOGSLEDDING

Something most of us have only seen in the movies or on television, dogsledding is a growing sport. Several resorts and wilderness expeditions operators offer excursions into the bush for as long as a month, or as little as a few hours. Accommodation is either cabin or heated tent, and meals are generally provided.

Dogsled racing is popular in the North.

ICE FISHING

This is the winter pastime that some enthusiasts claim makes winter worthwhile. Some lakes take on the look of small towns with all the little clusters of huts, white smoke puffing from the chimney stacks, and the occupants fishing comfortably through the ice. Huts can accommodate up to eight or ten adults.

Many resorts provide transportation to and from the huts, as well as live bait. Count on catching lake trout, northern pike and walleye.

For more information about the winter activities available in Ontario, please refer to page 51.

Winter fun: snowmobiling and ice fishing. Below, on the slopes at Mount St. Louis near Barrie.

Room for Everybody in Ontario

You'll find we're very accommodating in Ontario. Besides the hotels in the towns and cities, we have hundreds of resorts, lodges, country inns, bed and breakfasts, and farm vacations to make you comfortable. As a matter of fact, we have more lakeside resorts than anywhere else in the world, many of them family-owned and operated for generations.

*W*hether you want a "complete" holiday - complete relaxation, a complete range of five star facilities, services and recreational activities - or just a weekend getaway in a romantic country inn, we can accommodate you in Ontario. Enjoy your own private lakeside cottage or condo. Or, for a really special northern experience, fly to a deluxe lodge on a beautiful unspoiled lake, with all the indoor and outdoor activities you could ask for.

Stay in one of our picturesque traditional resorts, nestled among the pines on a sun-dappled lake, or go for something ultra-modern. Bring the kids - or not. And for a "home away from home" experience, try one of the many comfortable bed and breakfasts throughout Ontario. Or settle in for a few days "down on the farm" and enjoy the peaceful life, fresh air and home cooking of a farm vacation.

You can have it anyway you like it in Ontario.

For more information about booking accommodations in Ontario's resorts, northern lodges, country inns, bed and breakfasts and vacation farms, please refer to page 51.

Cruises on the Trent Severn Waterway on board the intimate (38-passenger) comfortable "Kawartha Voyageur" cruise ship. Two different itineraries cover the Trent Severn between Peterborough and the Big Chute Marine Railway close to Port Severn, and the stretch between Peterborough and Kingston - the scenic Otonabee River, historic Rice Lake, Trent River and the Bay of Quinte.

One-way cruise packages include on-board accommodation, meals, and outward bound or return trip, according to schedule, by chartered bus. There are also 12 departures from Kingston for Rideau Canal cruises between Kingston and Ottawa. Departures from mid-May to mid-October.

• St. Lawrence Cruise Lines Inc.

253 Ontario St, Kingston, K7L 2Z4

Reservations: (800) 267-7868

(Canada & USA)

Tel: (613) 549-8091 (administration)

Fax: (613) 549-8410

Calm-water cruising on board a 66-berth replica steamship. The Canadian Empress carries her passengers along the St. Lawrence River through the beautiful Thousand Islands and Seaway, and the Ottawa River. Passengers can choose from 6 different cruises. Cruise packages cover full on-board accommodation, all meals, on-board entertainment, land tours and attraction admissions. Departures from early May to late October.

Useful Information for Visitors

BOATING

Pleasure craft may enter Canada by trailer or under their own power for the duration of the visit. The required entry permit is issued by Customs at the point of entry and returned at the point of departure. All boats powered by motors 7.5 kw (10 h.p.) or over must be licensed and the licence number clearly indicated on both sides of the bow of the vessel. Boat licences from outside Ontario are acceptable. Overboard discharge of garbage or untreated sewage is forbidden.

CREDIT CARDS

Most major credit cards are welcome in Canada, including American Express, MasterCard, Visa, Diners Club, EnRoute and Carte Blanche.

CURRENCY

We recommend that visitors use Canadian funds. Currency exchange offices, conveniently located at most of our travel centres at the U.S./Ontario border (see Page 4), offer a good rate of exchange and are open every day. A good rate of exchange is also offered at the currency exchanges at our international airports (Toronto, Ottawa) and at all banks and trust companies. Banks are generally open 10:00 a.m. to 4:00 p.m., Monday to Thursday; to 6:00 p.m. Friday. Most trust companies are open 9:00 a.m. to 6:00 p.m. weekdays and Saturday mornings.

CUSTOMS AND IMMIGRATION

American visitors crossing the border, either way, may be asked to verify their citizenship with such documents as a passport, a birth or baptismal certificate. Naturalized U.S. citizens should carry a naturalization certificate. Permanent U.S. residents who are not citizens are advised to bring their Alien Registration Receipt Card.

Citizens of other countries, except Greenland and residents of St-Pierre and Miquelon, must have a valid passport and some also require a visitor's visa.

Travellers under the age of 18 and unaccompanied by a parent need a letter of permission to travel in Canada from a parent or guardian.

As a non-resident of Canada visiting Ontario, you're allowed to bring in any reasonable amount of personal effects, a reasonable supply of food and a full tank of gas. Please note that certain agricultural and quota restrictions apply.

GIFTS

Visitors to Ontario can send gifts to friends or relatives in Canada, or can bring them with them, and no duties will apply, provided the value of each gift does not exceed \$60 (Canadian funds), and they do not consist of tobacco products, alcoholic beverages or advertising material. Gift packages sent by mail should be plainly marked "UNSOLICITED GIFT" and the value should be indicated. Gifts valued at more than \$60 (Canadian funds) are subject to duties on the excess amount.

ALCOHOLIC BEVERAGES

Visitors arriving in Ontario who are 19 years of age or over may import, duty and tax free, for personal use either:

1.1 Litres (40 ounces) of liquor or wine;
or 24 x 355 ml (12 ounces) cans or bottles of beer, ale, or their equivalent.

Visitors can import more alcoholic beverages (up to 45 litres or 11.9 U.S. gallons), if they are willing to pay the Ontario fees and taxes in addition to the duties that apply.

TOBACCO PRODUCTS

Visitors arriving in Ontario who are 19 years old or older (19 on or after December 1, 1995) may import, duty and tax free, 200 cigarettes, 50 cigars, 400 grams (14 oz) of manufactured tobacco, and 400 tobacco sticks.

If visitors bring in more tobacco products, they will have to pay the Ontario taxes as well as the duties that apply.

For detailed information write to: **Revenue Canada, Customs and Excise, Public Relations Branch, Ottawa, Ontario, Canada K1A 0L5.**

DUTY FREE SHOPS

Motorists crossing the U.S./Ontario border at ten major points will be able to enjoy duty free shopping on the Ontario side for goods that are to be taken with them directly into the United States.

Here are the locations of our Duty Free Shops open year round. Please check ahead for hours of operation.

Fort Erie

- Location: Peace Bridge Plaza, at the Peace Bridge.

Fort Frances

- Location: At the International Bridge, on Mowat Avenue.

Lansdowne

- Location: Hill Island, at the Thousand Islands Bridge.

Niagara Falls

- Location: 5726 Falls Avenue, at the Rainbow Bridge.

Queenston

- Location: At the Lewiston-Queenston Bridge.

Prescott

- Location: At the Prescott-Ogdensburg Bridge.

Rainy River

- Location: Atwood and 4th Street.

Sarnia

- Location: At the Bluewater Bridge.

Sault Ste. Marie

- Location: At the International Bridge Plaza.

Windsor

- Location: 465 Goyeau Street, at the Windsor-Detroit Tunnel.

U.S. residents returning to the United States after 48 hours can take back \$400 (U.S.) worth of merchandise, duty free, every 30 days. This may include one litre of alcohol (35 ounces), 200 cigarettes or 100 cigars that are not of Cuban origin. After less than 48 hours, \$25 is allowed. For further information on entering or re-entering the United States, please contact U.S. Customs.

FIREARMS AND AMMUNITION

You may bring a hunting rifle or shotgun into Ontario as a visitor for hunting or competition purposes if you are 18 years of age or older, plus 200 rounds of ammunition for hunting, or 1,500 rounds for use at a recognized meet duty and taxes free, up to a total of 5,000 rounds.

Firearms manufactured as fully automatic are prohibited entry, regardless of any conversion, and no firearms less than 66 cm (26") in length or with a barrel less than 46 cm (18½") are allowed, unless they are being imported for an approved shoot, at which time a temporary permit is required in advance from a local police agency. So please, no handguns!

For further information please contact:

Revenue Canada

Tariff Policy Section

Traveller's Directorate

Ottawa, Ontario K1A 0L5

Telephone: (613) 954-6372

HOLIDAYS

When we say Thanksgiving, we mean Canadian Thanksgiving, which falls on the second Monday in October.

Other public holidays in Ontario: New Year's Day and Good Friday, Victoria Day (May 24 or preceding Monday), Canada Day (July 1), Civic Holiday (first Monday in August), Labour Day (first Monday in September), Christmas Day and Boxing Day (December 26).

Many places in Ontario close on Christmas, New Year's Day and Good Friday; be sure to check ahead.

HOSPITAL AND MEDICAL SERVICES

Visitors are strongly urged to obtain health insurance before leaving their home country. (It is possible that your health insurance does not exceed coverage outside your country of residence.) If you are taking medicine prescribed by your doctor, bring an adequate supply and a copy of the prescription in case it needs to be renewed by a doctor in Ontario. For further information and insurance details, contact your travel agent or insurance agent.

FISHING AND HUNTING

Residents of Ontario are required to have an Outdoors card. Licences are required for fishing and hunting in Ontario, and may be purchased from most sporting goods stores, tourist outfitters, hunting and fishing lodges as well as Ministry of Natural Resources district offices.

For information on seasons, regulations and licence fees, contact:

Ministry of Natural Resources
Natural Resources Information Centre
Macdonald Block
Room M1-73
900 Bay Street
Toronto, Ontario M7A 2C1
Tel: (416) 314-1177

LAND USE LAWS

The Occupier's Liability Act reduces a rural landowner's responsibility for the safety of non-paying visitors. Signs can be erected to indicate which activities are allowed on the property.

The Trespass of Property Act designates premises where entry is prohibited without notice. Entry on other property may be prohibited by notice. A red marking at least 10 cm (4 inches) in diameter is equivalent to a No Trespassing sign. Trespassers can be fined up to \$2,000 and ordered to pay any damages.

For a free explanatory brochure, write to:

Communications Branch
Ministry of the Attorney General
Main Floor
720 Bay Street
Toronto, Ontario
M5G 2K1

LIQUOR

Anyone 19 or over may buy liquor and imported or domestic wine and beer from government liquor stores. A large selection of domestic beer is available from Beer Stores. Outlets are located throughout Ontario. Drinking hours in licensed establishments are from 11:00 a.m. to 1:00 a.m. In Ontario it is an offense to consume alcohol anywhere other than a residence or on a licensed premise.

Please note: Driving motorized vehicles, including boats, while impaired is illegal. You can be convicted for refusing to take a breathalyzer test or having a breathalyzer reading greater than 80 mg (0.08%) of alcohol per 100 ml of blood.

PETS

Dogs and cats over three months of age entering Canada from the United States will need certification, signed by a licensed veterinarian, that they have been vaccinated against rabies. The certificate should provide a complete and legible description of the pet and the date of vaccination. Animals must be vaccinated in the preceding 36-month period and at least 30 days prior to re-entry into the United States.

PUBLIC TRANSPORTATION

The province is faced with a network of regional and national airline flights, railways, bus routes and ferries. Charter flights will take you to more remote places. Thirteen airlines provide scheduled air service to 63 airports throughout the province. If you're already here and need a public carrier, contact a local travel agent or check the yellow pages, call the company and book direct.

Major Canadian carriers Air Canada and Canadian Airlines International can supply you with up-to-date schedules and reservations. VIA Rail Canada links most of the major cities in the province and connects with Amtrak and other U.S. rail lines at many border crossings. The largest bus lines are Gray Coach, Greyhound, and Voyageur Colonial.

TAXES

Eight percent provincial sales tax applies to most purchases. Seven percent federal goods and services tax applies to most purchases of goods and services.

SALES TAX REFUNDS

Visitors from outside Canada may claim a refund of the 7% federal GST (Goods & Services Tax) on accumulated purchases of a minimum \$100, provided the goods are taken out of Canada within 60 days. Tax charged on hotel and motel accommodation is also eligible for refund.

Further information and application forms may be obtained by contacting 1-800-ONTARIO.

WEATHER

Ontario weather is much the same as that of the northern United States. Temperature measurements are in degrees Celsius. June, July and August are our summer months, when days are usually warm, though nights may be cool, particularly in the north. Medium- to heavy-weight clothing is your best bet from mid-September to mid-November and from mid-March through April. During the winter you'll need to dress warmly.

The information and services contained in this book are offered to you as a matter of interest and are believed to be correct and accurate at the time of printing. The Ontario Ministry of Economic Development, Trade and Tourism accepts no liability for errors or omissions.

Rules of the Road and Other Helpful Tips

AUTOMOBILES

• **CAA Service.** The Canadian Automobile Association (CAA) and its member club, the Ontario Motor League (OML), are affiliated with several international automobile clubs, including the American Automobile Association (AAA), and members are entitled to reciprocal benefits. Check the phone directory for CAA and OML listings.

• **Documents.** A valid driver's licence from any country is good in Canada for three months. However, as added identification you may wish to obtain an International Driver's Licence before your trip. If you're driving over the border, bring the vehicle registration forms and a free Canadian Non-Resident Insurance Card from your insurance agent, or the policy itself. Minimum combined Liability insurance in Ontario is \$200,000. If you're driving a borrowed car, also bring a letter of permission signed by the owner. If you're driving a rented car, include a copy of the rental contract.

• **Gasoline.** Our service stations sell unleaded and premium unleaded gasoline (Please note: leaded gas is no longer available) Many stations also have diesel fuel, particularly along the highways. The number of stations offering propane for motor vehicles is growing rapidly.

Some service stations close at 7 p.m. and don't open at all on Sundays. However, 24-hour stations can be found at larger centres and along main highway routes (400 series highways).

• **Rentals.** Automobile rentals are available at our international airports and in many of our towns and cities. With most companies, the minimum age is 21 with a credit reference.

• **Services.** The Ontario Provincial Police patrol the highways and other areas not served by municipal forces. You can reach them locally by calling one of the regional toll-free numbers listed on the Ontario Official Road Map.

If you are involved in an accident resulting in a personal injury or property damage over \$700, you must notify the police and remain at the scene of the accident until cleared by investigating officers. First aid stations are clearly posted along the highways.

Information on highway conditions in the province is available all year from the Ministry of Transportation regional offices; 24-hour toll-free number is 1-800-268-1376. For the greater Toronto area, call the Road Information Office at (416) 235-1110.

• **Tolls.** International bridges, tunnels and ferries charge a fee but our highways are toll free.

Ontario traffic rules may be a little different from the ones you're used to. So here's a list of traffic tips for your Ontario holiday.

• **Bicycles.** Bicycles are considered vehicles and must obey the same traffic laws. Bicycles are not allowed on controlled access highways. The wearing of bicycle helmets is mandatory.

• **Hitchhiking.** Hitchhiking is not allowed on major (controlled access) highways.

• **Radar Warning Devices.** Radar Warning Devices are forbidden in Ontario, even if turned off and only being transported in your vehicle. Our police may confiscate such devices and fine you as well.

• **Right Turns on Red Lights.** Right turns may be made on red lights unless otherwise indicated. You must come to a full stop at the light, but may proceed with caution if the way is clear.

• **School Buses.** Traffic travelling in both directions (except divided roads or highways) must stop for a yellow school bus when its red lights are flashing and the stop arm is extended.

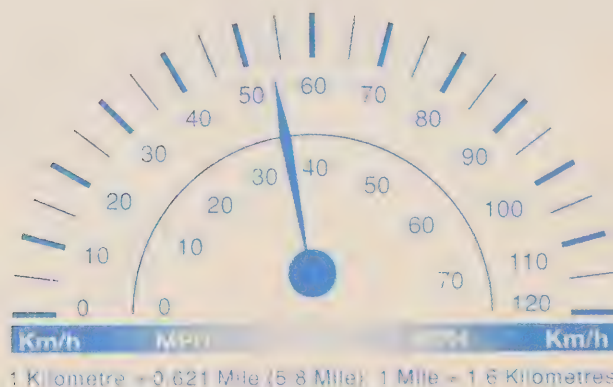

• **Seat Belts.** Ontario law requires that adults and children weighing over 18 kg/40 lbs wear them. Infants weighing up to 9 kg/20 lbs must travel in a rear facing child restraint system. Toddlers weighing 9 to 18 kg (20 to 40 lbs) travel in a front-facing child restraint seat.

• **Speed Limits.** Speed limits in Ontario are in kilometres per hour (km/h). Freeways have a speed limit of 100km/h (62 mph); the Trans Canada routes 90 km/h (56 mph). Most other rural highways and country roads have a speed limit of 80 km/h (50 mph). In urban and other populated areas the speed limits generally range from 40 to 60 km/h (25 to 37 mph).

• **Streetcar Stops.** Vehicles must remain at a standstill at least two metres (six feet) behind the rearmost door of a stopping or stopped streetcar for the safety of passengers boarding or alighting.

• **Studded Tires.** Studded tires are forbidden on Ontario highways.

• **Windshields and Windows.** Windshields and side-front windows must allow a clear view of the vehicle's interior and the colour cannot substantially obscure the interior.

More Information on Camping in Ontario

ONTARIO PROVINCIAL PARKS

There are 265 provincial parks in Ontario. Provincial means the parks are owned, maintained and protected by the province. Many provincial parks are very busy during the peak summer season. The campsite reservation service provided at the more popular parks is convenient and can help you avoid disappointment. Simply make your request well in advance of your arrival date by phone, mail or in person directly to the park, using VISA or Master Card. If you don't have a reservation, all the parks also have sites available on a first come first served basis. Reservations are not necessary for day visits. Reservations are not required during the fall season, nor at many Northern Ontario parks.

Some provincial parks accommodate motor homes and provide electricity. All provincial parks provide a trailer sanitary service. Also, all parks have some form of maintained washroom facilities. Food and other necessities can usually be purchased within the park or nearby. Pets are allowed in provincial parks provided they are on a leash not exceeding 2m (6 feet) in length.

For more information on Ontario's provincial parks and recreational areas phone, write or visit:

**Natural Resources Information Centre
Macdonald Block
Room M1-73
900 Bay Street
Toronto, Ontario
M7A 2C1
Telephone: (416) 314-2000**

To alleviate overcrowding on canoe routes and hiking (backpacking) trails in major canoeing parks such as Algonquin, Quetico, Killarney and Frontenac, daily quotas on the number of people entering the interiors of these parks have been established. In these provincial parks, it is now possible to reserve an interior permit ahead of time. Also, to reduce unsightly litter and to help preserve their outstanding beauty, cans and bottles are banned in the interior of these parks as well as Lake Superior, where interior camping permits are available on a self-serve basis. Cans and bottles are permitted, however, in organized car campgrounds.

Campsite Vacancy Reports. To find out if sites are available, campers can phone our Campsite Vacancy Reporting Service before embarking on a trip. In operation from mid-June to Labour Day, this service provides a daily estimate of the number of campsites unoccupied in 55 parks.

Telephone (416) 314-0998 or 1-800 ONTARIO.

OPERATING SEASONS

In Southern Ontario, most provincial parks are in full operation from mid-May until the Labour Day weekend; in Northern Ontario from early June until the Labour Day weekend, and possibly earlier. When a park is in full operation, complete facilities and services are provided. These vary among parks and include comfort stations, showers, laundry facilities, electricity, firewood, garbage collection, running water and visitor services programs.

Provincial parks never really close and visitors are welcome during the off-season. Few facilities are maintained, but vault privies are generally open, fireplace grates are available and fees are generally collected through self-serve registration. Although some parks may be gated to prevent vehicular entry, all parks are accessible to pedestrians from sunrise to sunset.

Winter camping is allowed in some provincial parks, but it is important to note that most are unsupervised and facilities are very limited. Some parks offer cross-country skiing as well. More information can be obtained from the Ministry of Natural Resources.

CROWN LAND CAMPING

There are some regulations about Crown or public land that you should know about. Non-residents of Canada, 18 years of age and older, are required to obtain a permit to camp on Crown lands in northern Ontario (the area north of the French and Mattawa rivers, from the northwestern to the northeastern borders of the province). These permits are available from most angling licence issuers and from Ministry of Natural Resources district offices.

EVERY CAMPER MUST PREVENT FIRES!

Campfires must be set on bare rock or mineral soil. An area of at least 1 m (three feet) in width from the outside of the fire must also be bare rock or mineral soil. Fires must be kept under control, tended by a responsible person and properly extinguished before the site is left.

Restricted Fire Zones - imposed in times or areas of serious fire danger - mean that no person shall start a fire outdoors for the purpose of cooking or obtaining warmth, except in a portable stove or charcoal installation.

Restricted Travel Zones - also are imposed in times of severe fire danger. Forest travel is not permitted in these zones except under the authority of a Forest Travel Permit. Check with the local Ministry of Natural Resources office for current information on restrictions in each area.

Smoking. No person shall smoke while walking or working in a forest woodland during the fire season. It is an offense to drop or throw unextinguished smoking material in or within 300 m (1,000 feet) of a forest or woodland. And remember - responsible smokers sit down to smoke.

Trailer size limits for Ontario highways:

Maximum length 14.65 m (48 feet)
Maximum height 4.15 m (13.6 feet)
Maximum width 2.6 m (102 inches)
Maximum length
Car and trailer-23 m (75.5 feet)
Semi-trailer-14.65 m (48 feet)
Trailer-12.5 m (39 feet)

If a vehicle is non-commercial, such as a motorhome, its overall maximum width is 2.6 m (102 inches) including side mirrors. It is against the law to carry anyone in a house or boat trailer when it is in motion.
